

Vision – Book on Fire

P#03

Personal Testimony

November 24, 1994

The second vision that I have ever had stands out among all of them.

On **November 24, 1994**, I was sitting before the Lord in prayer when I saw a book on fire, but it was not consumed.

I inquired of the Lord, and He said: "**I am purifying every chapter of your life.**"

Is this not what the Lord is doing in the lives of all His people that are called according to His purpose? It is called sanctification.
